

TITANIC connections: UNIQUE AND UNTOLD STORIES

Held over by popular demand, our *Titanic* exhibit features the stories of a few not-so-famous passengers, and one very famous one, exploring unique Titanic connections – to the Pittsburgh region, to the Antiochian heritage, and to the fabric of American life today. The exhibit is now on view in our Lower Museum Lobby; guided tours available.

Arrange for a special *Titanic* treat! Choose from a unique hands-on *Titanic* baking experience with our in-house Pastry Chef, or a delicious themed luncheon or dinner based on the Titanic's actual First, Second, and Third Class passenger menus. All-inclusive packages available. Call for details!
